Winnebago Auto Modelers June Meeting Notes

The June meeting of the Winnebago Area Modelers was held on Tuesday, June 8th at Hobbytown USA in Oshkosh. Members present were D9 Dave, Greg, Don, Matt, Rob and Dave.

Among the items on display at this month's meeting, were Matt's Collection Raid C5R Corvette, Revell's new 1962 Chevrolet Impala Hardtop was out on the table for all to browse through the box, Dave brought a Mopar collectors magazine with an article about Jimmy Flintstone, D9 Dave's 1960 Chevy Impala Collection Raid project, and the ongoing Mack conversion/ oil field truck that Dave has going. This month D9 brought the engine for this project, along with the cab and chassis. As always a great deal of scratch-building has gone into this conversion, and there is more to come.

Symco Shakedown

Friday, August 13 and Saturday, August 14th the Union Threshere grounds in Symco, Wisconsin will again be the site of the Symco Shakedown, a pre-1965 traditional hot rod show with live music both nights, mini bike races, vendors, a flat head Ford engine raffle, and buck glasses of beer. The grounds for this show are as unique as some of the vehicles that will be there. Set up like a small town of days gone by, the many vintage buildings make a nice backdrop for the show cars. A good opportunity to gather ideas and photos for you next street rod model project, as well as buildings and signage to use on display bases and dioramas. The guys from the American Pickers on the History Channel just filmed there for an upcoming show, as well. www.symcoshakedown.com

A colorful poster for the Symco Shakedown event. At the top, it says "AUG. 13th & 14th 2010". The main title "Symco SHAKEDOWN" is in large, stylized letters. Below the title is an illustration of a classic hot rod car. To the right is a large tire. The poster lists various activities: "TRADITIONAL HOT RODS & ROCKABILLY PRE-1965", "100's of traditional style hot rods, customs & cycles! Plus a great swap meet, and dozens of commercial vendors!", "MINI BIKE RACES!", "INEXPENSIVE BEER & FOOD!", "THIS IS A NO-BILLET SHOW!", "FLATHEAD FORD ENGINE GIVEAWAY!", "LIVE MUSIC BOTH DAYS!", and "Weekend Wristband \$10", "Weekend Camping Space + \$10", "Swap Spaces + \$10", "Weekend Show Car Admission + \$10". It also mentions "Located at the Union Threshere Grounds - Symco, WI" and features logos for "EGGE", "WISCONSIN HOTROD", "Meet the Flat Track Roller Derby Girls", "FOX CITY FOX", and "vagabonds".

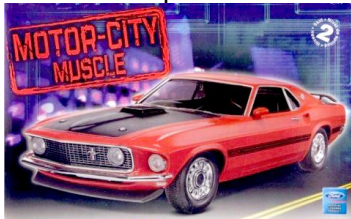

With the onset of humid summer days, painting model cars can be a challenge. Revival of Italy has a series of pre-finished metal bodied, multi-media kits, featuring historic Ferrari's of the past that can help you through the dog days of summer. These 1/20th scale kits feature hand laced wire wheels, cast

metal frame and components comprising the 150 or so parts in each kit. The car shown is Revival's 1961 World Champion Ferrari 156 F1 replica. Look for these from online supply shops, or online auctions, retailing for around \$250.00.

On The Shelves

Joining the two new Revell Impalas mentioned in past newsletters on the hobby shop shelves are some re-releases of past favorites.

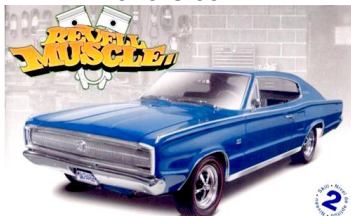

Revell '69 Ford Mustang Mach 1 Cobra Jet
1:25 Scale • Escala • Echelle • Ages 10 & Up • Edades 10 y más • À partir de 10 ans

The Revell version of the 1969 Mach 1 Cobra Jet features factory stock graphics, as well as fictional drag race markings.

Monogram's 1939 Chevy Master Deluxe Coupe is big block powered, and can be built only as a street rod out of the box.

Revell '67 DODGE Charger 426 HEMI 2"n1
1:25 Scale • Escala • Echelle • Ages 10 & Up • Edades 10 y más • À partir de 10 ans

Revell's 1967 Dodge Hemi Charger can be built in stock or drag versions, powered by a 426 Hemi.

Ed Roth's Outlaw show rod is also on Revell's reissue list. Roth cars have always been a favorite of model car builders, and this rod is no exception.
